Aravind S

AI Engineer & Product Builder

Kochi, India | arvindsathyan@gmail.com
Portfolio | GitHub: Arv-ind-s | LinkedIn: 97aravind-s

Builds LLM applications and production backends. Creator of the live Thought2Build product. Backend and systems engineering at Tata Consultancy Services since 2021.

EXPERIENCE

Tata Consultancy Services - Kochi

Systems Engineer, TCS Digital | Feb 2023 - Present
Assistant Systems Engineer | Feb 2021 - Feb 2023

Maintain high-availability, business-critical enterprise backend applications. Work on data integrity, infrastructure security, and upgrades without service disruption.

SELECTED PROJECTS - SOLO BUILDS

Thought2Build | Live product

Built and deployed a FastAPI workspace that turns rough product ideas into reviewed specs, plans, validation assets, and traceable tasks. Multi-provider LLM routing across Anthropic, OpenAI, and Google; OAuth sign-in, credit-metered access, and bring-your-own-key support.

SentinelIQ | Source code

Built a predictive-maintenance demonstrator for a simulated 15-machine plant: 41 versioned features, scikit-learn predictions, grounded diagnosis, and planner approval before a mock ERP write. Numerical decisions remain deterministic; optional Gemini narration has an offline template fallback. Winner, TCS Kochi AI Hackathon.

Covenant Radar | Source code

Built a commercial-credit early-warning demonstrator with 30/60/90-day forecast horizons, deterministic covenant calculations, a six-step nightly pipeline, guarded LLM calls, maker-checker approvals, and an audit trail. Finalist, TCS National Hackathon.

TECHNICAL SKILLS

Python, FastAPI, PyTorch, Hugging Face Transformers, scikit-learn, LangChain, RAG, ChromaDB, AWS, Terraform, SQL, Pydantic, SQLAlchemy. LLM APIs: Anthropic Claude, OpenAI, Google Gemini.

CREDENTIALS

Claude Certified Architect - Professional (Anthropic)
AWS Certified Machine Learning Engineer - Associate
AWS Certified Developer - Associate

EDUCATION

B.Tech, Electrical and Electronics Engineering | 2016 - 2020

Adi Shankara Institute of Engineering and Technology
